#### Information About the Service

What is the service? nbn™ is a broadband service for delivering high-speed Internet to Australian residential and businesses via fixed line infrastructure such as fibre-to-the-curb, fibre to-the-premises, fibre-to-the-node, fibre-to-the basement or HFC.

This service is not available in all areas, please visit - [<http://www.nbnco.com.au>] to see if your address is available.

#### What is Included

- Included data when using the nbn™ service

#### What is not Included

- Static IP Address
- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- In cases where FTTN & FTTC is used additional internal cabling or “MDF Patching” might be required, if deemed required an external 3rd party such as an

### What is required to use this service?

- You will need an address listed as being nbn™ ready
- You will need an nbn™ capable modem/router to access the service. In some cases nbn™ may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building nbn™ may require access to common areas such as the MDF
- For FTTN/FTTC/FTTB service you will require an active phone line if you do not have one an additional fee of \$299 will apply.

### Other Potential Costs

- If you don't have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required.
- In some cases, your address may be classed as a subsequent install. When this happens there is a \$299 new line fee, we will advise you of this before commencing with the install.

### New development fee

The nbn™ Co may charge a \$300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.

electrician will need to be engaged at the customer's expense.

- Dishonour and late payment fees
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and may cause a termination fee.

### Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - [http://www.quokkanet.au/?page\\_id=334](http://www.quokkanet.au/?page_id=334)
- You are abusive to our staff

### Dispute Process
