Information About the Service

What is the service? nbn[™] is a broadband service for delivering high-speed Internet to Australian residential and businesses via fixed wireless infrastructure.

This service is not available in all areas, please visit - [<http://www.nbnco.com.au>] to see if your address is available.

What is required to use this service?

- [^] Only available on Premises that have a W-NTD version 3 or any later version

What is Included

- Included data when using the nbn[™] service

What is not Included

- Static IP Address
- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- Dishonour and late payment fees
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and

installed. A W-NTD upgrade can be ordered on request.

- ^^ Only available on Premises that have a W-NTD version 4 or any later version installed. A W-NTD upgrade can be ordered on request.
- Your nbn Fixed Wireless Tower needs to support this speed (confirmed by a service qualification).
- You will need an address listed as being nbn™ ready
- You will need an nbn™ capable modem/router to access the service. In some cases nbn™ may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building nbn™ may require access to common areas such as the MDF.

Other Potential Costs

- If you don't have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required.
- In some cases, your address may be classed as a subsequent install. When this happens there is a \$299 new line fee, we will advise you of this before commencing with the install.

may cause a termination fee.

Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - http://www.quokkanet.au/?page_id=334
- You are abusive to our staff

Dispute Process

If you wish to make a complaint you can access our Complaints Handling Policy by visiting - <https://quokkanet.au/about/legal/>

Telecommunication Industry Ombudsman

If you feel unsatisfied with the complaint resolution obtained after following the Dispute Process you may contact the Telecommunication Industry Ombudsman (TIO). The TIO can be contacted by calling 1800 062 058 or via the Internet link: www.tio.com.au

New development fee

The nbn™ Co may charge a \$300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.
