50 Quokks	\$83	50	20
50 Quokks + 50 Upload	\$90	50	50
100 Quokks	\$96	100	20
100 Quokks + 100 Upload	\$104	100	100
200 Quokks	\$116	200	25
200 Quokks + 200 Upload	\$132	200	200
500 Quokks	\$108	500	50
500 Quokks + 200 Upload	\$157	500	200
500 Quokks + 500 Upload	\$180	500	500
750 Quokks	\$116	750	50
1000 Quokks	\$124	1000	100
1000 Quokks + 1000 Upload	\$240	1000	1000

Information About the Service

What is the service? Lynham Networks is a broadband service for delivering high-speed Internet to Australian residential and businesses via fixed line infrastructure such as fibre to the premises.

What is Included

- Included data when using the Lynham Networks service

What is not Included

- Static IP Address
- Hardware (e.g. Router or Modem, we can

This service is not available in all areas.

What is required to use this service?

- You will need an address listed as being Lynham-ready.
- You will need a Lynham Networks-capable modem/router to access the service. In some cases Lynham Networks may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building Lynham Networks may require access to common areas such as the MDF.

Minimum Term

Plans are month-to-month with no lock-in period. Your service will automatically renew each month unless cancelled before the renewal date.

Other Potential Costs

- If you don't have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required.
- In some cases, your address may be classed as a subsequent install. When this happens there is a \$299 new line fee, we will advise you of this before commencing with the install.

New development fee

The Lynham Networks may charge a \$300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.

supply equipment if required, a quotation will be sent to you).

- Where additional internal cabling or "MDF Patching" might be required, if deemed required an external 3rd party such as an electrician will need to be engaged at the customer's expense.
- Dishonour and late payment fees
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated.

Service Speeds

The nominated service speed refers to the maximum configured throughput of the connection at the NTD ethernet port. Actual speeds may be lower due to factors such as network conditions, demand, and general internet performance.

Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - <https://quokkanet.au/fair-use/>
- You are abusive to our staff

Dispute Process
